

From the Supervisor's Office

March 20, 2020

The Governor has issued new executive orders:

Workforce reduction is at 100% - Governor said it will be effective on Sunday.

- These will be enforced - these are legal provisions. Will be civil fine and mandatory closure for any business not in compliance.
- **NOTE: ESSENTIAL SERVICES DO NOT HAVE TO BE REDUCED.**

Restrictions on "vulnerable populations": seniors over 70, immune-compromised people, those with underlying illnesses. They **MUST**

- Remain indoors
- Go outside for *solitary exercise*
- Pre-screen all visitors and aides by taking their temperature
- NOT visit households with multiple people
- All vulnerable persons must wear a mask in the company of others
- To greatest extent possible, everyone in the presence of vulnerable people should wear a mask
- Stay 6 feet away from individuals
- Do not take public transportation unless urgent and absolutely necessary.

Provisions for non-vulnerable populations:

- Non-essential gatherings of individuals of any size and for any reason are cancelled.
- Concentration of individuals outside their homes must be limited to workers for essential services and social distancing should be practiced.
- Social distancing must be used in public.
- Businesses and entities that are essential **must** implement rules to help facilitate social distancing of at least 6 feet.
- Limit use of public transportation.
- Use telehealth

Going to stop any evictions of any residential or commercial tenants for 90 days.

"words matter... **it is not shelter in place.** People are scared and people panic. Shelter in place is used currently for an active shooter or a school shooting."

I expect new directives from the Governor that will impact local governments later this evening. I will try to keep you updated.

Bill Bichteman

Supervisor
